The stock embraces everything that is new, novel

French and American flowers in every color, style and price. Ladies' hats in every variety. Bonnets, Hats and Hiding Hats, all prices. I get my goods from the best sources. My article which constitutes a First Class Millinery is well known and is being bought in quantities at very low prices, being enabled to do so from the fact that I buy my goods for cash from the best houses, in New York and Chicago.

Miss Rheboan & Co. feel confident, from the long experience in the business in all its various branches, that they have been supplied with every article for buying, that she cannot fail to suit the most fastidious both in style, durability, elegance and cheapness.

It is our desire to be found in the most reliable and their interest to give us a call before buying elsewhere.

Respectfully submitted,  
LEAH & MISS RHEBOAN & Co.

He also wishes to call attention to the fact that cutting or dimension stones can only be found at distances from the surface, and that the Montezuma quarry supplies the market with material far enough to reach those formations that are impossible when supposed to the action of air and frost, and that the Quarries of Athens furnish materials the hewing and loading large stones, and tying up expensive wagons, carts and trucks, rigged up for hauling heavy loads, and that the quarry dimension stones of any size, from two to thirty feet long, and from one to four feet wide, and of all heights up to our hundred feet, to any part of the city or on board of the cars.

## LOCAL DEPARTMENT.

**By referring to our new advertisement our readers will notice that Miss Reynolds has just received a large and well selected stock of new millinery goods, and is prepared to make to order anything in her line, in a fashionable and satisfactory manner. Her store is at the west end of Milwaukee street bridge, in the rooms formerly occupied by Mrs. Brundage.**

**The republicans of Janesville city have nominated, for assembly, Alexander Graham of that city. Mr. Graham has had experience in legislation, and will render good service to the state, besides doing credit to himself and to his constituents.—*Milwaukee Sentinel.***

**ACCIDENT AT MILTON.**—A couple of hand cars came in collision at Milton night before last. A Mrs. J. Flynn was injured in the spine, also a leg broken and a severe cut on the head. She is not expected to recover.

**DEMOCRATIC NOMINATION.**—N. P. Bump of the town of Janesville, was nominated for the senate this afternoon, in this city, by the democrats.

**LOWER AND LOWER.**—The Democrat of this city published an extract from the speech of Mr. Schurz, which, wrested from its connection with what preceded and followed it, entirely misrepresents his sentiments. It published the extract, knowing it to be garbled, and that it was a misrepresentation. It now glories in this forgery and endorses it. We regret that any member of our profession should descend so low as this; but we have this consolation that there is no honorable man in it, no matter what his political predilections are, who does not look upon such a paltry trick with the contempt it deserves.

**JUDGE TANEY vs. DOUGLAS.**—The Pennsylvanian states, upon undoubted authority, that the venerable and distinguished chief justice of the supreme bench of the United States, who pronounced the opinion in the Dred Scott case, pronounces Douglas' squatter sovereignty doctrine as the worst heresy. The chief justice will support Breckinridge and Lane. The democrats, adds the Pennsylvanian, have planted themselves on the country, and have the endorsement of the highest political authority in the Union. As Mr. Douglas is pledged to abide by the opinion of the supreme court, he must, in obedience to the *dictum* of the chief justice, surrender his "squatter sovereignty" heresy, and accept the Dred Scott decision with all its consequences.

## ALL SORTS OF PARAGRAPHS.

Philip T. Herbert, the California congressman, who killed the waiter Keating at Washington a few years ago, is practicing law at El Paso, and considers the shooting his political ruin.

The question whether Ada Isaacs Menken is or is not Mrs. Heenan, is to be settled legally in a suit against John C. Heenan for his "wife's" board, at New York city.

The Jewish women of Algeria are preparing a splendid fan of ostrich feathers, fifteen inches long, ornamented with diamonds, as a present to Queen Eugenie of France.

The report of an attempt to assassinate the French emperor at Toulon is said to have arisen from an inoffensive, half-witted fellow firing a pistol to attract the Emperor's notice. He was arrested, but as he was considered incapable of mischief, he was released at once.

Two white men were publicly whipped at the whipping post in Paducah, Ky., a few days since. Marshal Atkins administered the penalty of the law, thirty lashes on the back, with a cowhide. They were convicted of stealing a basket of eggs.

Senator Seward reached Buffalo on his return from his five weeks' western tour, on Friday afternoon, and was received by a large crowd. He held a levee at the house of Hon. E. G. Spaulding, and made a brief speech. In the evening he was serenaded by the Wide Awakes. He reached his home at Auburn on Saturday.

The wife of Gov. Morgan declines opening the New York ball with the Prince on the ground that she never dances.

The war against liquor sellers in Massachusetts is carried on sharply. The proprietors of three saloons in Worcester were arrested one day last week, and bound over for trial.

The people of Sumpter, S. C., have been considerably alarmed at rumors of an insurrectionary plot, and negroes and white men have been arrested; but an examination proves the whole to have been the fabrication of a single negro.

The Prince of Wales spent last Sunday at Richmond. He was at Baltimore Monday, and at Philadelphia on Tuesday.

**SNOW AND ICE.**—At Newton's Corners, Mass., on Sunday evening, Sept. 30th, ice formed half an inch thick.

On Ontonagon, Lake Superior, on Saturday night, Sept. 29th, water which happened to remain in vessels out doors froze an inch thick.

The Canada papers say that snow has already fallen at Quebec, and to such an extent as to prevent the cattle from grazing. The first snow storm of the season at the White Mountain, occurred on Friday, 28th of September. Snow fell also in considerable quantities on that day on the line of the Grand Trunk Railway between Island Pond, Vt., and Aetion, Canada—places more than a hundred miles distant from each other.

**GRAIN PRODUCTS OF WINNEBAGO COUNTY.**—The Rockford Register has seen the assessors' returns for that county, from which it learns that the present year's wheat crop of the county amounted to 1,534,793 bushels, raised from 57,485 acres—averaging 27 bushels to the acre. Of this, it estimates that 1,394,795 bushels will be exported from the county, bringing in the neighborhood of \$2,042,836. Of corn, there are 45,998 acres in the county, producing 2,349,400 bushels, averaging 50 bu. to the acre.

**THE MINNESOTA LAND SALES.**—The President has been strongly and urgently appealed to by the citizens of Minnesota, to postpone the Minnesota land sales, on the ground that the settlers are unable to make payments for pre-emption claims within the prescribed time, but the "old public functionary" is deaf to their entreaties.

**Governor of Indiana.**—In consequence of the death of Gov. Willard, Lieutenant Gov. Hammond in accordance with the constitution of Indiana, will act as Governor until the second Monday (the 14th) of January, 1861.

**THE EFFECT OF DISSOLUTION IN NEW ORLEANS.**—The New Orleans Commercial Bulletin declares that a breaking up of the union "would not only cause the ships to rot at the levee, and bankruptcy and ruin to follow in the train of disasters, but the real estate of New Orleans would not be worth twenty-five cents on the dollar, to what it now is; cotton would go down to such a figure that it would not pay to cultivate it; and the pall of general stagnation, the wings of a dreary desolation, would rest upon the land torn by internal dissension, and drenched in civil blood. Mexico is but a faint picture of what our condition would be upon a gigantic scale."

**EFFECTS OF THE HARVEST.**—Buffalo papers say that city hasn't shown so much activity for years as now, while the western harvests are being poured down on its wharves. People are pleasantly reminded of the old times of steamboating, and forget their years of sorrow for the days that are gone. The receipts of wheat last week were 1,662,394 bushels, and of other grain large quantities.

**WALKER'S LAST DYING SPEECH AND CONFESSION.**—A letter from Trujillo, published at Havana, thus describes the last moments of Walker:

As soon as Walker entered the prison he was heavily ironed, and asked if he wanted anything. He only asked for water. He then sent for the chaplain of this port, and protesting his faith as a Roman Catholic, he was seen kneeling almost constantly thereafter at the feet of the priest in front of a small altar, on which, by the dim light of a taper, the image of Jesus was distinguished. Among other things, he once said to the captain, "I am resigned to die, my political career is over."

On the 11th inst, at 7 o'clock P. M., Walker was notified of his sentence of death, and to this startling message the only reply he made was to ask at what hour it would be executed, and whether he had time to write. On the 12th, at 8 o'clock A. M., the culprit marched to the place of execution. He walked with a crucifix in his hand, upon which he bent all his regards, looking neither to the right nor to the left, but listening piously to the psalms which the priest recited in his ear. He entered the hollow square formed by the soldiery in the place of execution, and there, full of resignation he pronounced the following words: "I am a Roman Catholic. The war which I made upon Honduras, in accordance with the suggestions of some Rastafians, was unjust. Those who accompanied me are not to blame. I alone am guilty. I ask pardon of the people. I receive death with resignation—would that it may be for the good of society."

Walker died with remarkable fortitude. His remains were received into a tomb, and rest in peace for a perpetual example.

**Mr. Douglas.**

**A QUESTION.**  
JOHNSTOWN, Rock Co., Wis.  
Will the Independent admit articles weekly into its columns advocating the election of Stephen A. Douglas to the Presidency, side by side with those furnished by Horace Greeley?

**THE ANSWER.**  
No, Mr. Spooner, we cannot oblige you. As we do not believe in Mr. Douglas, we have no wish to employ anybody to help prop him up into the Presidency. Besides, Mr. Spooner, it is fair to remind you that though you were to write a fresh article every week from now till November, you would at the end have only your labor for your pains. There was some talk, a few months ago, of running Mr. Douglas as a candidate for the Presidency, but we believe that the idea has been since pretty generally given up. It is now altogether too late for pen and ink to help him.

The attention of the community is respectfully called to the following features in connection with this Company:

First.—By insuring in this company, the advantages of a Mutual Insurance Company are obtained, with the additional advantage afforded in the security given by a simple and reliable Cash Capital—a feature not presented by ordinary Mutual Fire Insurance Companies. The dividends to customers, annually declared, are as follows:

1st Division to Policy-Holders, 1857, 334,300 25

2d " " " " 1858, 50 " "

3d " " " " 1859, 50 " "

4th " " " " 1860, 45 " "

Second.—The security given, which is already large, will constantly increase with each year of successful operation. This is exhibited clearly in the following statement, showing the position of the company in each year since the new system was adopted.

July, 1860, Net Assets of the Company, \$570,363 43

LOCAL DEPARTMENT.

By referring to our new advertisement our readers will notice that Miss Mary has just received a large and well selected stock of new millinery goods, and is prepared to make to order anything in her line, in a fashionable and satisfactory manner. Her store is at the west end of Milwaukee street bridge, in the rooms formerly occupied by Mrs. Brundage.

The Republicans of Janesville city have nominated, for assembly, Alexander Graham of that city. Mr. Graham has had experience in legislation, and will render good service to the state, besides doing credit to himself and to his constituents. —*Minneapolis Sentinel.*

DEMOCRATIC NOMINATION.—N. P. Bump of the town of Janesville, was nominated for the senate this afternoon, in this city, by the democrats.

LOWER AND LOWER.—The Democrat of this city published an extract from the speech of Mr. Schurz, which, wrested from its connection with what preceded and followed it, entirely misrepresents his sentiments. It published the extract, knowing it to be a misrepresentation, and that it was a misrepresentation. It now glories in this forgery and endorses it. We regret that any member of our profession should descend so low as this; but we have this consolation that there is no honorable man in it, no matter what his political predilections are, who does not look upon such a paltry trick with the contempt it deserves.

JUDGE TAYLOR VS. DOUGLAS.—The Pennsylvania states, upon undoubted authority, that the venerable and distinguished chief justice of the supreme bench of the United States, who pronounced the opinion in the Dred Scott case, pronounced Douglas' squatter sovereignty doctrine as the worst heresy. The chief justice will support Breckinridge and Lane. The democrats, adds the Pennsylvania, have planted themselves on the country, and have the endorsement of the highest political authority in the Union. As Mr. Douglas is pledged to abide by the opinion of the supreme court, he must, in obedience to the dictum of the chief justice, surrender his "squatter sovereignty" heresy, and accept the Dred Scott decision with all its consequences.

ALL SORTS OF PARAGRAPHES.—Philip T. Herbert, the California congressman, who killed the water Keating at Washington a few years ago, is practicing law at El Paso, and considers the shooting his political ruin.

The question whether Adm. Isaac Meulen is or is not Mr. Meulen, is to be settled legally in a suit against John C. Heenan for his "wife's" board, at New York city.

The Jewish women of Algeria are preparing a splendid fan of ostrich feathers, fifteen inches long, ornamented with diamonds, as a present to Queen Eugénie of France.

The report of an attempt to assassinate the French emperor at Toulon is said to have arisen from an inoffensive, half-witted fellow firing a pistol to attract the Emperor's notice. He was arrested, but as he was considered incapable of mischief, he was released at once.

Two white men were publicly whipped at the whipping post in Paducah, Ky., a few days since. Marshal Atkins administered the penalty of the law, thirty lashes on the bare back, with a cowhide. They were convicted of stealing a basket of eggs.

Senator Seward reached Buffalo on his return from his five weeks' western tour, on Friday afternoon, and was received by a large crowd. He held a levee at the house of Hon. E. G. Spaulding, and made a brief speech. In the evening he was serenaded by the Wide Awakes. He reached his home at Auburn on Saturday.

The wife of Gov. Morgan declines opening the New York ball with the Prince on the ground that she never dances.

The war against liquor sellers in Massachusetts is carried on sharply. The proprietors of three saloons in Worcester were arrested one day last week, and bound over for trial.

The people of Sumpter, S. C., have been considerably alarmed at rumors of an insurrectionary plot, and negroes and white men have been arrested; but an examination proves the whole to have been the fabrication of a single negro.

The Prince of Wales spent last Sunday at Richmond. He was at Baltimore Monday, and at Philadelphia on Tuesday.

Snow and Ice.—At Newton's Corners, Mass., on Sunday evening, Sept. 30th, ice formed half an inch thick.

At Ontonagon, Lake Superior, on Saturday night, Sept. 29th, water which happened to remain in vessels out doors froze an inch thick.

The Canada papers say that snow has already fallen in Quebec, and to such an extent as to prevent the cattle from grazing. The first snow storm of the season at the White Mountain, occurred on Friday, 28th of September. Snow fell also in considerable quantities on that day on the line of the Grand Trunk Railway between Island Pond, Vt., and Aton, Canada—places more than a hundred miles distant from each other.

GRAIN PRODUCTS OF WINNEBAGO COUNTY.—The Rockford Register has seen the "assessors" returns for that county, from which it learns that the present year's wheat crop of the county amounts to 1,554,355 bushels, raised from 57,435 acres—averaging 27 bushels to the acre. Of this, it estimates that 1,304,795 bushels will be exported from the county, bringing in the neighborhood of \$2,043,830. Of corn, there are 46,356 acres in the county, producing 2,349,400 bushels, averaging 50 bu. to the acre.

THE MINNESOTA LAND SALES.—The President has been strongly and urgently appealed to by the citizens of Minnesota, to postpone the Minnesota land sales, on the ground that the settlers are unable to make payments for pre-emption claims within the prescribed time, but the "old public functionary" is deaf to their entreaties.

GOVERNOR OF INDIANA.—In consequence of the death of Gov. Willard, Lieutenant Gov. Hammond in accordance with the constitution of Indiana, will act as Governor until the second Monday (the 14th) of January, 1861.

THE EFFECT OF DISSOLUTION IN NEW ORLEANS.—The New Orleans Commercial Bulletin declares that a breaking up of the union "will not only cause the ships to rot at the levee, and bankruptcy and ruin to follow in the train of disasters, but the real estate of New Orleans would not be worth twenty-five cents on the dollar to what it now is; cotton would go down to such a figure that it would not pay to cultivate it; and the pall of general stagnation, the wings of a dreary desolation, would rest upon the land torn by internal dissension, and drenched in civil blood. Mexico is but a faint picture of what our condition would be upon a gigantic scale."

EFFECTS OF THE HARVEST.—Buffalo papers say that city has not shown so much increase for years as now, while the western harvests are being poured down on its wharves. People are pleasantly reminded of the old times of steamboating, and forget their years of sorrow for the days that are gone. The receipts of wheat last week were 1,662,394 bushels, and of other grain large quantities.

WALKER'S LAST DYING SPEECH AND CONFESSION.—A letter from Trujillo, published at Havana, thus describes the last moments of Walker:

As soon as Walker entered the prison he was heavily ironed, and asked if he wanted anything. He only asked for water. He then sent for the chaplain of this port, and protesting his faith as a Roman catholic, he was seen kneeling almost constantly thereafter at the feet of the priest in front of a small altar, upon which the dim light of a taper, the image of Jesus was distinguished. Among other things, he once said to the captain, "I am resigned to die; my political career is ended."

On the 11th inst., at 7 o'clock P. M., Walker was notified of his sentence of death, and to this sad notification the only reply he made was to ask at what hour it would be executed, and whether he had time to write.

On the 12th, at 8 o'clock A. M., the culprit marched to the place of execution. He walked with a crucifix in his hand, upon which he bent all his regards, looking neither to the right nor to the left, but listening piously to the psalms which the priest recited in his ear. He entered the hollow square formed by the soldiery in the place of execution, and there, full of resignation he pronounced the following words: "I am a Roman catholic. The war which I made upon Honduras, in accordance with the suggestions of some Ruanos, was unjust. Those who accompanied me are not to blame. I alone am guilty. I ask pardon of the people. I receive death with resignation—would that it may be for the good of society."

Walker died with remarkable fortitude. His remains were received into a tomb, and rest in peace for a perpetual example.

From the New York Independent.

Mr. Douglas.

A QUESTION.

JOHNSTOWN, Rock Co., Wis.

Will the Independent admit articles weekly in its columns advocating the election of Stephen A. Douglas to the Presidency, side by side with those furnished by Horace Greeley?

D. R. SEOSSEN.

THE ANSWER.

No, Mr. Spooner, we cannot oblige you. As we do not believe in Mr. Douglas, we have no wish to employ anybody to help prop him up in the Presidency. Besides, Mr. Spooner, it is fair to remind you that through you were to write a fresh article every week from now till November, you would at the end have only your labor for your pains. There was some talk, a few months ago, of running Mr. Douglas as a candidate for the Presidency, but we believe that the idea has been since pretty generally given up. It is now altogether too late for pen and ink to help him.

Janesville Wholesale Market.

Reported for the Janesville Gazette, by

BUMP & GRAY,

GRAIN AND PRODUCE DEALERS.

JANESVILLE, October 10, 1860.

Receipts of wheat were again large to day there being about 9,000 bushels on the market. Prices, however, under news of an other decline of 2c per bushel at the lake shore, were fully 2c lower here, the range being from 62c to 64c for milling spring, and 62c to 64c for shipping.

There is a fair demand at quotations below.

There is another steamer due to day, and her news will either strengthen or cause a still further decline all are anxiously waiting her news.

We make up prices as follows:

WHEAT—white winter Soften, good to choice milling spring 62c; common to fair shipping 70c.

CORN—old shelled at 30c to 32c per 100 lbs. New in ear 15c to 17c per 100 lbs.

OATS—good local and some shipping demand at 12c per bushel.

RYE—in fair request at 57c to 60c per 100 lbs.

TIMOTHY SEED—in good demand at 1.65 to 1.80 per 40 lbs.

BARLEY—ranges at 45c to 50c per 100 lbs, for good samples, and 25c for common.

POTATOES—plenty at 20c to 25c per bushel.

BUTTER—wanted at 13c to 14c for choice roll and jar.

Eggs—in request at 80c per dozen.
